

**Editorial**

**First All-Ukrainian Congress  
«Medical and biological informatics and cybernetics»  
with international participation.** June 23–26, 2010, Kyiv, Ukraine  
Extraction from the Congress Decision 3

**Original Articles**Information technologies in clinical neurophysiology*Quantitative Heart Rate Variability (HRV)*

**O. Yu. Mayorov, V. N. Fenchenko**  
Application of the local index of fractality for the analysis  
of the short R-R intervals series researching of heart rate  
variability 6

**T. Mironova, E. Davidova, T. Sokolova**  
Heart Rate Variability at the Occupational Diseases 13

**A. L. Kulik, O. K. Zaderykhin, V. I. Shulgin,  
A. V. Martynenko, N. I. Yabluchansky**  
Fluctuations in time-domain of heart rate variability spectral  
indices in healthy volunteers 18

Information technologies in functional diagnostics*Quantitative ECG*

**L. S. Fainzilberg**  
FASEGRAF® — effective information technology of ECG  
processing for screening of coronary artery disease 22

*Computer auscultations*

**V. T. Grinchenko, A. P. Makarenkov, A. A. Makarenkova**  
Computer auscultations is a new method of objectification  
descriptions of respirationsounds 31

Analysis of Images

**A. M. Akhmetshin, L. G. Akhmetshina**  
Fuzzy segmentation of low contrast radiological images 37

**A. Yu. Gladryeva, N. N. Budnyk, A. S. Kovalenko**  
Researching of influence compression degree  
and chromaticity on medical ultrasonic images quality 43

*Information technologies for the analysis of images in clinic*

**N. R. Bayazitov, L. S. Godlevsky**  
Laparoscopic images informative characteristics  
in the course of minilaparoscopic diagnostics 50

**V. N. Sokolov, E. S. Sitnikova, I. P. Olievskaja,  
N. P. Gadjuchenko, L. V. Anishenko, U. V. Stasyuk**  
Methods of radial diagnostics of pancreas diseases 57

*Perfuse computer tomography*

**S. M. Alkhimova, V. P. Yatsenko**  
Moments method for measuring perfusion  
parameters (review) 64

Telemedicine

**O. I. Orlov, R. M. Baevsky, A. P. Berseneva,  
E. Y. Bersenev, A. G. Chernikova, I. N. Slepchenkova**  
Telemedical ecology as new scientific and practical direction 69

**K. Rymarenko, D. Dobryansky**  
Telemedicine implementation in Ukrainian health care  
institutions: experience of Ukraine-Swiss Mother and Child  
Health Programme 77

*The article is open to discussion*

**P. Ye. Grigoryev, G. V. Kilessa, N. I. Khorseva,  
V. V. Khranov, A. V. Olenchuk, E. E. Asanov**  
Information diagnostic system for determining a dependence  
of human state from influence of cosmophysical factors 83

Medical cybernetics. Modelling of functional systems

**V. A. Lischuk**  
The organization of physiological systems providing  
integrity of the organism 89

Information-field technology

**E. A. Yumatov**  
Information-field effects of registration of the subjective  
state of the person's brain 98

Information technologies in psychophysiology and professional selection

**V. V. Kalnysh**  
Contents-modelling of the process of man  
and technique co-evolution 105

**M. L. Kochina, A. G. Firsov**  
Hardware-software complex for psychophysiological researches 113

Pharmacoinformatics

**K. O. Zupanets**  
Computer modelling of glucosamine hydrochloridum,  
N-acetylglucosamine and quercetine interaction  
in case of its combined composition use 118

**I. V. Pestun, I. V. Bondareva, Z. N. Mnushko,  
M. N. Nessonova**  
Method of prognostication of level of development  
of pharmacy enterprises by estimation of factors  
of microenvironment 125

Information technologies in medical education

**A. A. Ryzhov**  
Model of knowledge in the distant learning systems.  
Part II. Comparative analysis of knowledge transfer  
process in studies systems on the basis  
of IDEFO technologies 133

**Obituary: Platon G. Kostyuk (20.08.1924–10.05.2010)** 140

**The Legislation**

Law of Ukraine. About protection of the personal data 142

Regulations on distance studies in establishments  
of postgraduate education. Project 152

*The article is open to discussion*

**K. P. Vorobyov**  
To recommendation on presentation of results of clinical  
researches in dissertations and journal publications  
Part 1. Substantive provisions 166

**Scientific Societies of Medical Informatics**

The Ukrainian Association  
for Computer Medicine (UACM) 174

International Medical Informatics  
Association (IMIA) 177

European Federation  
for Medical Informatics (EFMI) 179

The European Association  
of Healthcare IT Managers (HITM) 180

**Anniversaries**

**Yurij I. Gubsky — anniversary** 181

**Ozar P. Mincer — anniversary** 183

**Medical Informatics: Events, Conferences**

**Conference**  
«Medical and biological informatics and Cybernetics:  
steps of the development» with the international partici-  
pation. April 20–23, 2011. Kiev, Ukraine 184

**XXIII International Congress of the European Federation  
for Medical Informatics.** August 28–31, 2011. Oslo, Norway 185

**New books**

New books on medical informatics, statistics and epidemiology,  
medical imaging, computer diagnostics methods 186
